The key to enriching your prayer and turning it to dialogue is the ancient prayer technique known as *lectio divina*. Tim Gray walks through a few Scriptural passages to demonstrate the practical steps of this great treasure of the Catholic Tradition.

## **READING REVELATION IN LIGHT OF THE STORY**

Sarah Christmyer

Much effort has been put into reading the book of Revelation in light of current events and into understanding its rich and layered symbolism in light of modern technology and scientific understanding. A more meaningful and practical understanding can be gained, however, by simply reading and interpreting John's Apocalypse in the context of the Bible itself. In this session, learn how knowing the Bible story can unlock this most difficult and fascinating book and whet your appetite for further study of Revelation.
